Let us show you how easy
it is to train at home to be a

Pharmacy Technician

**An in-demand career projected to grow
much faster than average in future years!**

Train at home for an exciting, in-demand career
working with pharmacists!

Details Inside ➤

Prepare for a respected, professional career!

It's easy to take your first step toward an exciting career as a Pharmacy Technician

Now more than ever before, a career as a Pharmacy Technician represents a wonderful path to success! The U.S. Department of Labor projects a huge increase in the number of Pharmacy Technician jobs in future years! Retail pharmacies, drug stores, hospitals, nursing homes, assisted-living facilities and mail order pharmacies all need the skills you can bring to them with this cutting-edge training.

Pharmacy Technicians are important members of the healthcare industry, and true professionals. They work directly with pharmacists and other healthcare providers, helping to save lives and providing comfort and relief to adults and children alike. As a Pharmacy Technician, you'll perform an extremely important service to the people in your community.

Pharmacy Technicians earn up to \$35,000 a year and more with experience!

There is a strong demand for trained Pharmacy Technicians all across the country, which means more job opportunities.

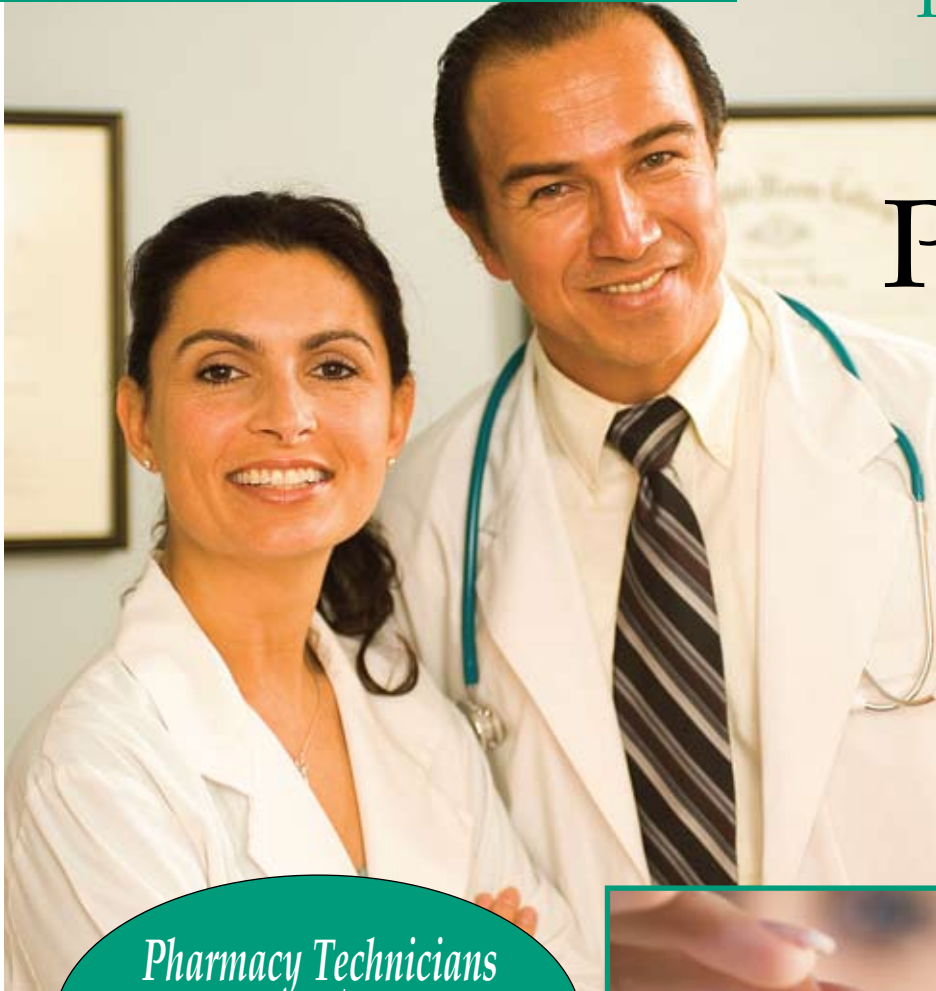

No previous medical experience needed...no need to quit your present job. You train at home in your spare time!

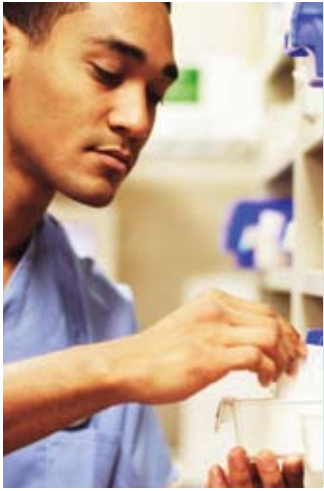

You can be ready to start your career as a Pharmacy Technician in as little as four months...or take longer to finish your course if you wish. No need to change your daily schedule—no need to take time from family or job. You study when you have the time and when it's convenient. And there is no waiting for classes to form...you can start right now because you are in a class of just one person—you!

These are just a few of the subjects covered in your course:

- Pharmacy measurement
- Medical orders and prescriptions
- Pharmacy operations
- Drug actions and interactions
- Financial management and health insurance

...Plus you get complete step-by-step instruction, custom lessons and special supplements. You'll also receive our unique "Quick-Learn" Tutor System to help you learn professional medical terminology quickly and easily.

As the American population ages, the need for Pharmacy Technicians will continue to grow much faster than average!

Plenty of opportunity working for...

- Drug stores and retail pharmacies
- Hospitals • Nursing homes • Assisted-living facilities
- Mail-order pharmacies

From the desk of Pam Weston...

Join the thousands of busy adults we've trained over the past 25 years. Many are more successful than ever before!

And remember, even if the only reason you want to be a Pharmacy Technician is to make a good income, you'll be pleased with all the other benefits Pharmacy Technicians enjoy.

Imagine your pride as you help save the lives of patients with medications vital to their health...ease the concerns of a worried parent as you explain her child's medication...keep an orderly and professional pharmacy inventory and help your pharmacist to do his job more effectively. The healthcare field is growing very rapidly, so more and more people will be depending on you. You'll command respect throughout the community, alongside your fellow healthcare professionals!

Pam Weston

Experts guide you step by step.

In as little as four months, you can be ready to start your career. You learn step by step, from expert instructors with years of experience. Even beginners make fast progress because everything is explained in easy-to-understand language with plenty of examples to show you exactly what to do and how to do it. Your course even includes CDs that help you progress quickly. Nothing is left to chance!

Help is just a click or a call away!

Your instructors are as close as your computer or telephone. Just send us an email or call us toll-free. Our staff of instructors is on duty year-round to give you authoritative answers if you ever have questions.

You train at your own pace in your spare time. Look at how easy it is...

- Your first class starts as soon as you are ready. As soon as you enroll, your lessons are mailed to you. Everything is included with your course...all you need is access to a CD player and a comfortable place to study.
- You won't waste time traveling to class or listening to what you already know. If you don't understand something, the class doesn't get ahead of you. You just re-read your lessons or if you need special help, send us an email or call us toll-free.
- "Open-Book" examinations take the pressure out of testing. We don't try to test you on how much you can remember. We help you learn what you need to know and show you how to find the answers to what you don't know. We believe that open-book exams—just like those many colleges use—are the best way to find out how much you can accomplish in the real world.
- Set your own pace...as fast or as slow as you wish. Your lessons and supplements are sent as you need them. As you complete each assignment, you send it to your instructor for grading. Then go on to the next lesson—no need to wait for the results of previous exams.
- Your instructors are experts...and they're ready to help whenever you ask. Your CDs, lessons and supplements were written by professionals, and most of our students have very few questions. But if you ever do have a question, just email or call our toll-free number. An expert instructor will give you the answer you need.

Compare the training, compare the opportunity, compare the personal satisfaction!

You'll be way ahead when you train at home to be a Pharmacy Technician

Questions and Answers

Q. Is Pharmacy Technician a new career?

A. Pharmacy Technician is a well-established occupation. Yet it's growing rapidly as the American population ages and needs more prescriptions and medications.

Q. Why do people become Pharmacy Technicians?

A. Because they can make good money and have a skill that is in great demand and commands respect throughout the community.

Q. Are there other advantages to this field?

A. You can work part-time or take a full-time position -- it's all up to you.

Q. Is Pharmacy Technician work easy to learn?

A. Yes. We show you step by step how to do every required task.

Q. Do I need any previous education or experience?

A. You must be able to read, write and understand directions.

Q. Who will I be working for?

A. In most cases you will work directly for a professional pharmacist -- a highly respected healthcare professional.

Q. Is U.S. Career Institute accredited?

A. Yes. U.S. Career Institute is an Accredited Member of the Distance Education and Training Council. The Accrediting Commission of the Distance Education and Training Council is listed by the U.S. Department of Education as a nationally recognized accrediting agency for distance education. Because of this, our curriculum, faculty, administrative procedures and policies are reviewed on a regular basis to ensure that we continue to meet the DETC's exceptionally high standards of quality.

Q. What other credentials does U.S. Career Institute have?

A. U.S. Career Institute has been a state-approved school since it was established more than a quarter century ago. Since that time thousands of men and women have successfully graduated from our programs. If in the future you wish to transfer USCI credits, you should check with the receiving institution because requirements vary from place to place. U.S. Career Institute makes no representation regarding transferability of credits.

Q. If I'm in the military, can I be reimbursed for my tuition?

A. U.S. Career Institute is approved for GI-Bill, VA and MyCAA education benefits. Military personnel, veterans or veteran spouses may be eligible. In addition, USCI is affiliated with the Defense Activity for Non-Traditional Education Support or DANTES program. Military personnel, including those on active duty or reserve, may be eligible for partial reimbursement of tuition upon graduation. For reimbursement information contact your VA or DANTES education officer prior to enrolling.

Fort Collins, CO 80525

You get all this—to use in your course and your career!

Special Tools!

Flashcards help you with pharmacy terms and pronunciation.

One of the easiest ways to learn many different simple ideas is through repetition. And the flashcards we include with your course make learning definitions and pronunciations more like a game than a study session.

Finest Lessons!

Custom lessons and text materials cover every subject.

Your custom lessons take you step by step so you always feel comfortable with the course material, written in clear, everyday language for easy comprehension.

Recognized Certificate

Your Certificate is a proud symbol of your achievement.

The Certificate we award you is evidence that you successfully completed your training and are ready to start your career as a Pharmacy Technician. At that time you will be entitled to unlimited graduate support. That means we will help you with your career whenever you ask.

Learn by Doing!

Special step-by-step CD and software speed your learning.

Your CD and software will familiarize you with our school and teaching methods, as well as prepare you for starting your new career!

We reserve the right to substitute items of equal or greater value when it becomes necessary.
